

# South Shore Buds

Marshfield, MA | In-House Design

## Featured Products

**Cerussa Luxury Vinyl**  
FLBMD028

## Project Background

**Cerussa Luxury Vinyl**, a warm neutral 7" wide luxury vinyl plank simulating natural hardwood was selected throughout the space to pop the unique product offering merchandised.

**A timeless yet modern effect is achieved with this scratch resistant, 100% recyclable, Phthalate Free and FloorScore® Certified for Indoor Air Quality flooring.**

The most credible story of 4/20 traces back to five California high school students who would meet up at 4:20 after their extracurricular activities had ended to partake. It led to a movement at a rock concert where flyers were passed out on April 20th to get lit at 4:20 pm. The rest is history! And as the dispensary states "We're all buds here."
